### 18 X 26 METAL RV COVER

**CALL NOW TO ORDER!**

An 18x26 RV Cover provides a great way to shelter your RV and other vehicles from inclement weather. At 18' wide x 26' long, there is plenty of space for two cars or trucks to be stored underneath the roof, with extra space at the ends for large equipment. With 10' tall legs, the carport can easily store an RV or mobile home. Built with a strong boxed eave roof and added side panels, this RV carport provides great protection and value. You can customize your metal RV cover by adjusting the dimensions, features, and much more. You can even add walls to create a fully enclosed garage building. Choose from our large selection colors to find one that matches your style.

#### LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
