14X36 METAL GARAGE BUILDING

CALL NOW TO ORDER!

A metal garage from Elephant Structures is an outstanding way to protect your car, truck, or RV at a great price. With 504 square feet of enclosed storage space, there is more than enough room to fit almost any RV or mobile home inside. At 36' long, there is extra space on the ends of the garage for outdoor equipment. There is a large 12' wide x 12' tall garage door on the front of the building that can accommodate almost any vehicle. You can customize the dimensions, features, and color on this RV garage to ensure that it is perfect for what you need.

LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
