18 X 21 ONE CAR STEEL GARAGE METAL BUILDING

CALL NOW TO ORDER!

Our 18x21 steel garage is great for storing one car or truck, with added space for heavy equipment. Like all of our affordable metal buildings, this steel garage includes free shipping and installation. There is an 8 wide x 7' tall garage door on the front of the building that can accommodate almost any car or truck. You can customize this garage for anything you need, including adding an entry door or windows. Choose from our wide selection of colors to find one that fits your style. At 18' wide, the garage has a peak roof height of 13.5'. You will have plenty of room to store your vehicles and extra equipment with 378 square feet of completely enclosed storage space. All of our durable metal buildings are manufactured with top quality galvanized steel framing and roofing panels.

LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
