**18 X 26 METAL RV CARPORT REGULAR STYLE**

**CALL NOW TO ORDER!**

Looking for a place to store your RV or mobile home in between trips? Keep your camper in tip-top shape by protecting it under our 18x26 RV Carport. The carport is built with a strong metal roof and includes extra side panels for added protection from the elements. The RV carport has dimensions of 18' wide x 26' long x 12' high and offers 468 square feet of storage space. The legs are tall enough to fit almost any RV underneath the roof. If you do not have an RV but still need affordable storage, this carport can easily fit two cars or trucks side by side. You can customize your RV carport by adjusting the dimensions, features, colors, and more.

### LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
