18 X 26 STEEL GARAGE FOR ONE CAR

CALL NOW TO ORDER!

This one car steel garage is a premium quality metal storage building for a great price. At 18' wide by 26' long, you have 468 square feet of storage space for your car or truck, with added room on the ends of the building for equipment storage. The 8' wide by 8' tall garage door on the front of the building can easily fit most cars and trucks. You can customize this building for anything you need. You can add or remove doors, adjust dimensions, choose your colors, and much more!

The boxed eave roof has a traditional look with a 3:12 pitch and angled corners. There is 6" of overhang on each side of the building. You can choose as many colors as you would like for the roof panels, wall panels, and building trim.

LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
