TWO CAR STEEL CARPORT

CALL NOW TO ORDER!

This two car steel carport from **Elephant Structures** is perfect for anyone looking for a metal building at a great price. Building specifications include dimensions of 22' wide x 21' long x 7' tall, 14 gauge galvanized steel frame, and boxed eave roof with blue 29 gauge panels and white trim. The carport has space for two vehicles with open sides and ends for easy access. Great for vehicle and equipment storage, this versatile structure can be used as an auto-repair shelter, canopy for outdoor activities, and much more!

If you're looking for a steel carport at a great price, trust the folks from Elephant Structures! We manufacture clear-span buildings up to 60' wide, at any length you need. Factory certification and heavy duty upgraded framing available. Call today!

LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
