TOP QUALITY VALLEY STYLE METAL BUILDING

CALL NOW TO ORDER!

Manufactured entirely from high-quality steel and designed to last for years, this valley style metal building is a great way to securely store all of your vehicles, supplies, and equipment and protect them from severe weather.

With 36' walls, this metal building offers tons of space without requiring a huge footprint. Nearly 1,300 square feet of storage space and a height of 12' ensures that this durable metal building can easily store loads of tools and equipment as well as several vehicles. All of our buildings can be designed and certified to withstand severe weather conditions specific to your area.

LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
