BOXED EAVE ONE CAR METAL BUILDING GARAGE

CALL NOW TO ORDER!

Constructed using only the strongest materials and designed to last for decades, this metal building garage is a fantastic way to keep all of your vehicles, tools, and equipment secure, organized, and free from the threat of severe weather.

This metal building features a garage and walk-in door for added versatility and accessibility. Measuring 20' wide by 26' long, this metal building creates more than 500 square feet of protected storage space. All of our metal buildings can be designed and certified to withstand severe weather conditions specific to your region.

20' WIDE x 26' LONG x 9' TALL

LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
